The modern mobile office

With Zirkona Swedens computer stands your commercial vehicle will be upgraded to a mobile office with focus on flexibility, safety and ergonomics. Our product line consists of a range of pre-fitted stands and a component system called Zirkona Joiner System which can be assembled to fit every unique need.

Depending on the make of the car the stands are mounted in various ways to create the best possible working environment. Zirkonas products can be used to mount both laptops and screens and the unique flexibility makes the stands easy to adjust, and thereby fit every drivers need.

Zirkona Joiner System

The component System Zirkona Joiner System gives endless possibilities to create unique mounts to fit every condition and meet every need.

The patented ball joint Zirkona Joiner provides a flexibility and sturdiness to cope with the toughest of environments.
